### PROFESSIONAL PROFILE

I'm a UX designer passionate about leveraging technology to solve problems for real people. I'm looking for a position that offers creative challenges in a team-based environment.

### EXPERIENCE

**Bloc.io** **April 2017 - Oct 2017**

UX/UI Design Apprenticeship

- A full-time, immersive mentorship program accruing 1000+ hrs of class time & real-world projects.
- Developing UX/UI Design skills under the guidance of a Senior UX/UI & Product Designer.

**Associated Bank** **Dec 2016 - March 2017**

Auditor

- Developed critical thinking skills while working on various internal audit tasks.
- Adapting project expectations and requirements as the project progresses and changes in scope.

**CliftonLarsonAllen, LLP** **June 2015 - Dec 2016**

Associate

- Prepared for and led job planning meetings presenting before the team including Partners and Directors.
- Developed advanced organizational skills through "busy season"; maintaining multiple projects' priorities and deadlines at a time.

### EDUCATION

**Bloc.io** | UX/UI Design Apprenticeship | April '17 - Oct '17

**Carroll University** | B.A. in Accounting; Minor in French | Aug '10 - May '15
